NeoReviews™ Editorial Board Disclosures
The American Academy of Pediatrics (AAP) Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest for AAP CME Activities is designed to ensure quality, objectivity, balanced, and scientifically rigorous AAP CME activities by identifying and resolving all potential conflicts of interest before the confirmation or service of those in a position to influence and/or control CME content.
All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that the individual either has no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. Commercial interest is defined as any activity producing, marketing, reselling or distributing health-care goods or services consumed by, or used on, patients.
Each of the editorial board members, reviewers, question writers, and staff has disclosed, if applicable, that the CME content he/she edits/writes/reviews may include discussion/reference to generic pharmaceuticals, off-label pharmaceutical use, investigational therapies, brand names, and manufacturers.
None of the editors, board members, reviewers, question writers, or staff has any relevant financial relationships to disclose unless noted below. The AAP has taken steps to resolve any potential conflicts of interest.

Disclosures
Robert Castro, MD, FAAP, disclosed that he participates in the Abbott Nutrition and Med Johnson speaker bureaus.
Ivan Hand, MD, FAAP, disclosed that he participates in the Abbott Nutrition and MedImmune speaker bureaus.
José Díaz Rossello, MD, FAAP, disclosed that he serves as a consultant to Abbott Nutrition, Life Science Research Offices, Environ and Nestlé; and that he has a research grant, serves as a consultant and on the advisory board of Med Johnson.
William Truong, MD, FAAP, disclosed that he participates in a pilot clinical research study for ONY Inc, and participates in the Trial of Late Surfactant (to Prevent BPD) of the National Heart, Blood and Lung Institute.
