Beginning May 2011, it will take approximately 1.5 hours to complete each issue. This activity is not considered to have been completed until the learner documents the completion of the activity on their self-assessment learning tool. The deadline for submitting 2011 answers is December 31, 2013. Credit will be recorded in the year in which it is submitted. It is estimated that it will take approximately 8 hours to complete the 2011 issue of NeoReviews®. This program is approved for 18 NAPNAP CE contact hours; pharmacology (Rx) contact hours to be determined per the National Association of Pediatric Nurse Practitioners Continuing Education Guidelines.

The American Academy of Physician Assistants accepts only the credit commensurate with the extent of their participation in the activity.

The American Academy of Pediatrics (AAP) Policy on Disclosure of Potential Conflicts of Interest

The American Academy of Pediatrics (AAP) Policy on Disclosure of Potential Conflicts of Interest is designed to ensure quality, objective, balanced, and unbiased content. All individuals in a position to influence and/or control the content of NeoReviews® must disclose any relevant financial relationships to ensure the accuracy of this information. The American Academy of Pediatrics (AAP) has taken steps to resolve any potential conflicts of interest.

None of the editors, board members, reviewers, question writers, or staff writes/reviews may include discussion/reference to generic pharmaceuticals, off-label pharmaceutical use, investigational therapies, or devices and manufacturers. All potential conflicts of interest before the confirmation of service for each issue. The American Academy of Pediatrics (AAP) is committed to providing high-quality CME for the clinical development of pediatricians, nurse practitioners, and other health care providers in the field of pediatrics. The American Academy of Pediatrics (AAP) reserves the right to approve or disapprove any CME activity that it deems to be in the best interest of the member and the patient.
